Business Continuity Plan (BCP) Template

Use this template to build a comprehensive Business Continuity Plan that keeps your organization

3. Risk Assessment Findings

Summarize the top threats identified, their likelihood and potential impact. Document current controls and any additional mitigation required.

| Threat/Event | Likelihood | Impact | Existing Controls | Mitigation Needed |
|--------------|------------|--------|-------------------|----------------------|
| | | | | |
| | | | | |
| | | | | |

4. Business Impact Analysis Results

Detail each critical function's Maximum Tolerable Period of Disruption (MTPD) alongside qualitative and quantitative impacts.

| Critical Process | MTPD | Financial Impact | Operational Impact | Dependencies |
|------------------|------|------------------|-----------------------|--------------|
| | | | · · | |
| | | | | |
| | | | | |

5. Recovery Time & Point Objectives (RTO/RPO)

Specify how quickly each system or process must be restored (RTO) and how much data loss is acceptable (RPO).

| System/Process | RTO (hrs) | RPO (hrs) | Dependencies/Notes |
|----------------|-----------|-----------|--------------------|
| | | | |
| | | | |
| | | | |

6. Recovery Strategies & Resources

List the people, facilities, technology, data and third-party services needed for recovery. Include alternative sites, cloud backups, manual workarounds, etc.

| Resource/Strategy | Owner | Location | Target Completion | Notes |
|-------------------|-------|----------|----------------------|-------|
| | | | | |
| | | | | |
| | | | | |

7. Communication Plan

Outline how you will keep employees, customers, suppliers, regulators and the media informed during disruptions.

| Stakeholder Group | Method/Channel | Frequency | Responsible |
|-------------------|----------------|-----------|-------------|
| | | | |
| | | | |
| | | | |

8. Emergency Contact Information

Maintain up-to-date contact details for executives, recovery team members, critical vendors and key authorities.

| Name/Role | Phone | Email | Alt. Contact |
|-----------|-------|-------|--------------|
| | | | |
| | | | |
| | | | |

9. Plan Activation & Escalation Matrix

Define incident severity tiers, activation triggers, who can invoke the plan, and how incidents escalate.

| Severity Level | Criteria/Indicators | Activation Authority | Escalation Path |
|----------------|---------------------|----------------------|-----------------|
| | | | |
| | | | |
| | | | |

10. Training & Testing Schedule

Record upcoming and completed training sessions, tabletop exercises, and full simulations to validate the plan.

| Date | Activity Type | Scope/Scenario | Participants | Outcome & |
|------|---------------|----------------|--------------|-----------------|
| | | | | Lessons Learned |
| | | | | |
| | | | | |
| | | | | |

11. Maintenance & Revision Log

Track version history, ensuring the BCP remains current and formally approved.

| Version | Date | Changes Made | Approved By |
|---------|------|--------------|-------------|
| | | | |
| | | | |
| | | | |
